Nationally consistent format for any size business. Eliminate submission errors with SIDES' consistent and intuitive format.

Handles details so employers can focus on business. The innovative digital process reduces personnel time and effort.

Enhances the integrity of the UI system. SIDES reduces UI tax rates and waste in the system.

The online form is a breeze to complete. You can move backwards and forwards and save as you go. It's far easier than the manual system ever was – no more filling in the tiny little boxes.

Paper reporting of unemployment claims is inefficient; using the online system is efficient, it saves time, it saves money, and that

is money that can be put to better purposes.
